1: Identification of	substance / mixture				
1. Product Identif	ier			Substance	
Product Name	TRIS Acetate				
Product Code	T60070				
CAS Number	6850-28-8				
Other Names	[Tris(hydroxymethyl)ami	nomethane] acetate			
IUPAC					
MFCD Number					
EC/EINECS					
REACH Number			Index-No		
2. Relevant identi	fied uses of the substand	ce or mixture and	uses advised against		
	ch and Development		-		
3. Details of the s	upplier of the safety data	a sheet			
Melford Laboratorie			Mel	FORD	
Bildeston Road,Ch					
lpswich					
Suffolk		Telephone:	01449 741178		
IP77LE		Fax:	01449 741217		
UK		Email:	support@melford.co.uk		
<b>4. Emergency tele</b> +44(0)1449 741178					
2. Hazards Identifi	cation				
1 Classification of	of the substance or mixtu	ire			
Non Hazardous					
2. Label elements					
Non Hazardous					
Hazard Statemen	ts				
Non Hazardous					
Precautionary Phrases					
Non Hazardous					
3. Other Hazards					
Non Hazardous	Non Hazardous				
3. Composition / In	formation on Ingredients				
1. Substances					
Product Name		Hazards		Concentration	
TRIS Acetate		1			
	CAS Number: 6850-28-8			<=100%	
4. First Aid Measu	res				
1. Description of first aid measures					
Skin Contact	Remove all contaminated clo Wash immediately with plen Consult a doctor.		nmediately unless stuck to skin.		
Eye Contact					

	Salety Data Sheet	Modified: 2025-02-10
	Rinse opened eye for several minutes under running water. Ensure adequate flushing by separating the eyelids with fingers Consult a doctor.	
Ingestion	Wash out mouth with water. Consult a doctor.	
Inhalation	If breathing becomes bubbly, have the casualty sit and provide oxygen if available. If conscious, ensure the casualty sits of lies down. If unconscious and breathing is OK, place in the recovery position. If unconscious, check for breathing and apply artificial respiration if necessary. Consult a doctor	
2. Most importa	nt symptoms and effects	
No data available		
3. Indication of	any immediate medical attention	
Notes to Physicia	in: Treat symptomatically	
5. Firefighting me	easures	
1. Extinguishing	g Media	
Suitable	Water spray. Alcohol resistant foam. Dry chemical powder. Carbon dioxide.

## 2. Conditions for safe storage, including any incompatibilities

Managing Storage Risks	Keep container tightly closed. Store in cool, well ventilated area.
Storage Controls	No special requirements
Maintaining Integrity	Store away from oxidising agents and acids
Other advice	no further information available

#### 3. Specific End Uses

The end use(s) have not been fully determined. The substance is supplied for Research and Development purposes by professionals only.

# 8. Exposure Controls/Personal Protection

## **1. Control Parameters**

No Data Available

2. Exposure Controls	
General protective and hygiene measures	Avoid contact with skin and eyes The standard precautionary measures should be adhered to when handling Wash hands during breaks and at the end of handling the material
Engineering measures	Use in a chemical fume hood.
Eye / Face Protection	Safety Glasses with side-shields. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU)
Hand protection	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it
Respiratory protection	Where risk assessment indicates respiratory protection is required, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
Skin protection	Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Other personal protection advice	no data

## 9. Physical and Chemical Properties

## **1. Physical and Chemical Properties**

Appearance	White crystalline solid	
Odour	No Data Available	
Odour threshold	No Data Available	
PH	6.0-7.0	
Melting point / Freezing point	117.0-123.0	
Initial boiling point and boiling range	No Data Available	
Flash point	No Data Available	
Evaporation rate	No Data Available	
Flammability(solid,gas)	No Data Available	
Upper/lower flammability or explosive limits	No Data Available	
Vapour pressure	No Data Available	

Vapour density	No Data Available
Relative density	No Data Available
Solubility(ies):	No Data Available
Partition coefficient: n-octanol/water	No Data Available
Auto-ignition temperature	No Data Available
Decomposition temperature	No Data Available
Viscosity	No Data Available
Explosive properties	No Data Available
Oxidising properties	No Data Available

## 2. Other Information

o additional information

# 10. Stability and Reactivity

#### 1. Reactivity

No data available

## 2. Stability

Stable under recommended storage conditions

## 3. Possibility of Hazardous Reactions

No data available

## 4.Conditions to Avoid

No data available

## 5. Incompatible Materials

Strong oxidizing agents. Acids.

#### 6. Hazardous Decomposition Products

In combustion emits toxic fumes of carbon dioxide / carbon monoxide. In combustion emits toxic fumes of nitrogen oxides.

## 11. Toxicology information

#### 1. Information

Acute Toxicity	No information available
Skin corrosion/irritation	No information available
Serious eye Damage/irritation	No information available
Respiratory or skin sensitisation	No information available
Germ Cell mutagenicity	No information available
Carcinogenicity	No information available
Reproductive toxicity	No information available
STOT-single exposure	No information available
STOT-repeated exposure	No information available
Aspiration hazard	No information available

## 2. Additional

No additional information available

## 12. Ecological Information

#### 1. Toxicity

No information available

#### 2. Persistence and degradability

No information available

#### 3. Bio-Accumulative Potential

No information available

#### 4. Mobility and Soil

No information available

### 5. Results of PBT & vPvB assessment

No information available

#### 6. Other adverse effects

No information available

## 13. Disposal Considerations

#### 1. Waste Treatment Methods

Disposal Operations Consult state, local or national regulations for proper disposal.

Disposal of Packaging Disposal must be made according to official regulations.

## 14. Transport Information

## Air (ICAO)

Not classified as hazardous for transport

## Road (ADR)

Not classified as hazardous for transport

## Sea (IMDG)

Not classified as hazardous for transport

#### 15. Safety, health, environmental and national regulations

# 1. Safety, health, environmental and national regulations:

product is not subject to any additional regulations or provisions

## 2. Safety Assessment

No Chemical Safety Assessment

# 16. Other Information

## 1. Other Information:

ADR: Accord Europeen sur le transport des merchandises Dangereuses par Route(European Agreement concerning the International Carriage of Dangerous Goods by road) RID:Reglement International concernant le transport des merchandises dangereuses par chemin de fer (Regulations concerning the International transport of Dangerous Goods by Rail) IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association IATA-DGR: Dangerous Goods Regulations by the International Air Transport Association ICAO:International Civil Aviation Organization ICAO-TI: Technical Instructions by the ICAO GHS: Globally Harmonized System of Classification and Labelling of Chemicals CAS:Chemical Abstracts Service

## 3. Disclaimer

The product listed is for research and development purposes only and not for human or animal use. As such, in most cases, the toxicological, ecological and physicochemical properties have not been fully determined and the product should be treated with respect and always handled under suitable conditions by appropriately qualified personnel. The responsible party shall use this datasheet only in conjunction with other sources of information gathered by them, and should make an independent judgement of suitability, to ensure proper use and protect the health and safety of employees. This information is furnished without warranty and any use of the product not in conformance with this material safety data sheet, or in combination with any other product or process, is the responsibility of the user.

The information provided on this SDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material nused in combination with any other material or in any process unless specified in the text
