3. Specific End Uses

SDS created using MyChemicalData software please visit www.hanksolutions.co.uk for more information

The end use(s) have not been fully determined. The substance is supplied for Research and Development purposes by professionals only.

# 8. Exposure Controls/Personal Protection

# 1. Control Parameters

No Data Available

| 2. Exposure Controls                    |  |
|---|--|
| General protective and hygiene measures | The standard precautionary measures should be adhered to when handling Wash hands during breaks and at the end of handling the material  |
| Engineering measures                    | Provide appropriate exhaust ventilation  |
| Eye / Face Protection                   | Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU)   |
| Hand protection                         | Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique<br>(without touching glove's outer surface) to avoid skin contact with this product. Dispose of<br>contaminated gloves after use in accordance with applicable laws and good laboratory practices.<br>Wash and dry hands.<br>The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the<br>standard EN 374 derived from it |
| Respiratory protection                  | Where risk assessment indicates respiratory protection is required, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).  |
| Skin protection                         | Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.  |
| Other personal protection advice        | no data  |

| Viscosity                                    | No Data Available |
| Explosive properties                         | No Data Available |
| Oxidising properties                         | No Data Available |

# 2. Other Information

No additional information available

## 10. Stability and Reactivity

## 1. Reactivity

no data available

# 2. Stability

Stable under recommended storage conditions

# 3. Possibility of Hazardous Reactions

no data available

## 4.Conditions to Avoid

no data available

### 5. Incompatible Materials

Strong oxidizing agents.

## 6. Hazardous Decomposition Products

In combustion may emit toxic fumes.

## 11. Toxicology information

| 1. Information                    |   |
|-----------------------------------|---|
| Acute Toxicity                    | no data   |
| Skin corrosion/irritation         | no data   |
| Serious eye<br>Damage/irritation  | no data   |
| Respiratory or skin sensitisation | no data   |
| Germ Cell mutagenicity            | no data   |
| Carcinogenicity                   | IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. |
| Reproductive toxicity             | not known   |
| STOT-single exposure              | not known   |
| STOT-repeated exposure            | not known   |
| Aspiration hazard                 | not known   |

### 2. Additional

To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

## 12. Ecological Information

### 1. Toxicity

No information available

## 2. Persistence and degradability

No information available

## 3. Bio-Accumulative Potential

No information available

### 4. Mobility and Soil

No information available

# Safety Data Sheet

# 5. Results of PBT & vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

### 6. Other adverse effects

No information available

### 13. Disposal Considerations

### 1. Waste Treatment Methods

Disposal Operations Consult state, local or national regulations for proper disposal.

Disposal of Packaging Disposal must be made according to official regulations.

### 14. Transport Information

### Air (ICAO)

Not classified as hazardous for transport

### Road (ADR)

Not classified as hazardous for transport

### Sea (IMDG)

Not classified as hazardous for transport

### 15. Safety, health, environmental and national regulations

### 1. Safety, health, environmental and national regulations:

Product is not subject to any additional regulations or provisions.

### 2. Safety Assessment

No Chemical Safety Assessment

### 16. Other Information

### 1. Other Information:

ADR: Accord Europeen sur le transport des merchandises Dangereuses par Route(European Agreement concerning the International Carriage of Dangerous Goods by road) RID:Reglement International concernant le transport des merchandises dangereuses par chemin de fer (Regulations concerning the International transport of Dangerous Goods by Rail) IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association IATA-DGR: Dangerous Goods Regulations by the International Air Transport Association ICAO:International Civil Aviation Organization ICAO-TI: Technical Instructions by the ICAO GHS: Globally Harmonized System of Classification and Labelling of Chemicals CAS:Chemical Abstracts Service

## 3. Disclaimer

# Safety Data Sheet

The product listed is for research and development purposes only and not for human or animal use. As such, in most cases, the toxicological, ecological and physicochemical properties have not been fully determined and the product should be treated with respect and always handled under suitable conditions by appropriately qualified personnel. The responsible party shall use this datasheet only in conjunction with other sources of information gathered by them, and should make an independent judgement of suitability, to ensure proper use and protect the health and safety of employees. This information is furnished without warranty and any use of the product not in conformance with this material safety data sheet, or in combination with any other product or process, is the responsibility of the user.
