1: Identification of	substance / mixture				
1. Product Identif	fier			Substance	
Product Name	CAPS				
Product Code	C30060				
CAS Number	1135-40-6				
Other Names	3-(Cyclohexylamino)-1-propanesulphonic acid				
IUPAC	C30060				
MFCD Number					
EC/EINECS					
			Index-No		
REACH Number		• . •			
	ified uses of the substance rch and Development	or mixture and	uses advised against		
3. Details of the s	supplier of the safety data s	sheet			
Melford Laboratori	es Ltd				
Bildeston Road,Ch	nelsworth				
lpswich					
Suffolk		Telephone:	01449 741178		
IP77LE		Fax:	01449 741217		
		Email:	support@melford.co.uk		
4. Emergency tel +44(0)1449 74117					
2. Hazards Identif	ication				
	of the substance or mixture				
Non Hazardous		•			
Henriazardodo					
2. Label elements	 S				
Non Hazardous					
Hazard Statemer	nte				
Non Hazardous	1.5				
Precautionary P	hrasos				
Non Hazardous					
3. Other Hazards					
Non Hazardous					
	efermetion on lagradiente				
	nformation on Ingredients				
1. Substances		lazards		Concentration	
Product Name	In the second	lazarus		Concentration	
CAPS					
	CAS Number: 1135-40-6			<=100%	
4. First Aid Measu	res				
1. Description of	first aid measures				
Skin Contact	Wash off with soap and plenty				
	Remove all contaminated cloth Consult a doctor.	nes and footwear ir	nmediately unless stuck to skin.		
Eye Contact					

		Modified: 2023-04-21
	Bathe the eye with running water for 15 minutes. Ensure adequate flushing by separating the eyelids with fingers Consult a doctor.	
Ingestion	Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a doctor.	
Inhalation	Supply fresh air; consult a doctor in case of complaints. If breathing becomes bubbly, have the casualty sit and provide oxygen if available. If unconscious and breathing is OK, place in the recovery position. If unconscious, check for breathing and apply artificial respiration if necessary. Consult a doctor.	
2. Most importa	nt symptoms and effects	
The most importa	ant known symptoms and effects are described in section	
3. Indication of a	any immediate medical attention	
Notes to Physicia		
5. Firefighting me	asures	
1. Extinguishing	g Media	
Suitable	Water spray. Carbon dioxide. Alcohol or polymer foam.	
Unsuitable	n/a	
2. Special Haza	rds arising from the substance or mixture	
In combustion to Carbon oxides, n	xic fumes may form: itrogen oxides (NOx), Sulfur oxides	
3. Advice for Fir	e Fighters	
Wear self-contair	<b>e Fighters</b> ned breathing apparatus. clothing to prevent contact with skin and eyes.	
Wear self-contair	ned breathing apparatus. clothing to prevent contact with skin and eyes.

## 2. Conditions for safe storage, including any incompatibilities

Managing Storage Risks	Keep container tightly closed. Store in cool, well ventilated area.	
Storage Controls	No special requirements	
Maintaining Integrity	No special requirements	
Other advice	no further information available	

## 3. Specific End Uses

The end use(s) have not been fully determined. The substance is supplied for Research and Development purposes by professionals only.

## 8. Exposure Controls/Personal Protection

## **1. Control Parameters**

No Data Available

2. Exposure Controls	
General protective and hygiene measures	The standard precautionary measures should be adhered to when handling
Engineering measures	Provide appropriate exhaust ventilation at places where dust is formed.
Eye / Face Protection	Safety Goggles.Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU)
Hand protection	<ul> <li>Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices.</li> <li>Wash and dry hands.</li> <li>The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it</li> </ul>
Respiratory protection	Where risk assessment indicates personal respiratory protection is required, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
Skin protection	Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Other personal protection advice	no data available

## 9. Physical and Chemical Properties

## **1. Physical and Chemical Properties**

Appearance	Solid	
Odour	No Data Available	
Odour threshold	No Data Available	
PH	No Data Available	
Melting point / Freezing point	No Data Available	
Initial boiling point and boiling range	No Data Available	
Flash point	No Data Available	
Evaporation rate	No Data Available	
Flammability(solid,gas)	No Data Available	
Upper/lower flammability or explosive limits	No Data Available	
Vapour pressure	No Data Available	
Vapour density	No Data Available	
Relative density	No Data Available	

Solubility(ies):	-		
Solubility (188).		No Data Available	
Partition coefficient: n-octano	ol/water	No Data Available	
Auto-ignition temperature		No Data Available	
Decomposition temperature		No Data Available	
Viscosity		No Data Available	
Explosive properties		No Data Available	
Oxidising properties		No Data Available	
2. Other Information			
No additional information av	vailable		
0. Stability and Reactivity			
1. Reactivity			
no data available			
2. Stability			
Stable under recommended	storage conditions

## RTECS: TZ6395000

To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

## 12. Ecological Information

## 1. Toxicity

no data available

#### 2. Persistence and degradability

no data available

#### 3. Bio-Accumulative Potential

no data available

### 4. Mobility and Soil

no data available

## 5. Results of PBT & vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

#### 6. Other adverse effects

no data available

## 13. Disposal Considerations

#### 1. Waste Treatment Methods

*Disposal Operations* Consult state, local or national regulations for proper disposal.

Disposal of Packaging Disposal must be made according to official regulations.

## 14. Transport Information

## Air (ICAO)

Not classified as hazardous for transport

## Road (ADR)

Not classified as hazardous for transport

## Sea (IMDG)

Not classified as hazardous for transport

#### 15. Safety, health, environmental and national regulations

## 1. Safety, health, environmental and national regulations:

product is not subject to any additional regulations or provisions

## 2. Safety Assessment

No Chemical Safety Assessment

## 16. Other Information

## 1. Other Information:

ADR: Accord Europeen sur le transport des merchandises Dangereuses par Route(European Agreement concerning the International Carriage of Dangerous Goods by road) RID:Reglement International concernant le transport des merchandises dangereuses par chemin de fer (Regulations concerning the International transport of Dangerous Goods by Rail) IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association IATA-DGR: Dangerous Goods Regulations by the International Air Transport Association ICAO:International Civil Aviation Organization ICAO:International Instructions by the ICAO GHS: Globally Harmonized System of Classification and Labelling of Chemicals CAS:Chemical Abstracts Service

## 3. Disclaimer

The product listed is for research and development purposes only and not for human or animal use. As such, in most cases, the toxicological, ecological and physicochemical properties have not been fully determined and the product should be treated with respect and always handled under suitable conditions by appropriately qualified personnel. The responsible party shall use this datasheet only in conjunction with other sources of information gathered by them, and should make an independent judgement of suitability, to ensure proper use and protect the health and safety of employees. This information is furnished without warranty and any use of the product not in conformance with this material safety data sheet, or in combination with any other product or process, is the responsibility of the user.
