1: Identification of	substance / mixture				
1. Product Identif	ier			Mixture	
Product Name	LB Broth Low Salt 1L Buff	fered Capsules			
Product Code	L24065				
CAS Number					
Other Names	Lennox LB Broth 1L Buffere	ed Capsules			
IUPAC MFCD Number					
EC/EINECS			la deve Nie		
REACH Number		<u> </u>	Index-No		
2. Relevant identi Research and Dev	ified uses of the substance of velopment	or mixture and	uses advised against		
3. Details of the s	supplier of the safety data sh	neet			
Melford Laboratorio					
Bildeston Road,Ch					
lpswich					
Suffolk		Telephone:	01449 741178		
IP77LE		Fax:	01449 741217		
UK		Email:	support@melford.co.uk		
4. Emergency tel +44(0)1449 74117					
2. Hazards Identif	ication				
1. Classification	of the substance or mixture				
Non Hazardous					
2. Label elements					
Non Hazardous					
Non nazaraodo					
Hazard Statemen	nts				
Non Hazardous					
Precautionary Ph	hrases				
Non Hazardous					
3. Other Hazards					
Non Hazardous					
3 Composition / Ir	nformation on Ingredients				
1. Substances	normation on ingrouionte				
Product Name	H	azards		Concentration	
	1L Buffered Capsules				
LB BIOLIT LOW Salt I				4000/	
				<=100%	
4. First Aid Measu	res				
1. Description of f	first aid measures				
Skin Contact Wash immediately with plenty of soap and water.					
Eye Contact Bathe the eye with running water for 15 minutes.					
Ingestion					

	Wash out mouth with water. Consult a doctor.	
Inhalation	Supply fresh air; consult a doctor in case of complaints.	
2. Most importar	nt symptoms and effects	
No data available		
	any immediate medical attention	
No data available		
5. Firefighting mea	asures	
1. Extinguishing	y Media	
Suitable	Water spray. Carbon dioxide. Alcohol or polymer foam. Dry chemical powder.	
Unsuitable	None	
2. Special Hazar	rds arising from the substance or mixture	
In combustion tox	kic fumes may form.	
	o Fightors	
3. Advice for Fire

professionals only.

Safety Data Sheet

8. Exposure Controls/Personal Protection

1. Control Parameters

No Data Available

2. Exposure Controls	
General protective and hygiene measures	The standard precautionary measures should be adhered to when handling
Engineering measures	Provide appropriate exhaust extraction where dust is formed.
Eye / Face Protection	Safety Glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU)
Hand protection	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it
Respiratory protection	Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
Skin protection	Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Other personal protection advice	no data available

9. Physical and Chemical Properties

1. Physical and Chemical Properties

Appearance	tan solid
Odour	characteristic odour
Odour threshold	No Data Available
PH	No Data Available
Melting point / Freezing point	No Data Available
Initial boiling point and boiling range	No Data Available
Flash point	No Data Available
Evaporation rate	No Data Available
Flammability(solid,gas)	No Data Available
Upper/lower flammability or explosive limits	No Data Available
Vapour pressure	No Data Available
Vapour density	No Data Available
Relative density	No Data Available
Solubility(ies):	Soluble in water
Partition coefficient: n-octanol/water	No Data Available
Auto-ignition temperature	No Data Available
Decomposition temperature	No Data Available
Viscosity	No Data Available
Explosive properties	No Data Available
Oxidising properties	No Data Available

2. Other Information

No additional information available

1. Reactivity

no unusual reactivity

2. Stability

Stable under normal conditions.

3. Possibility of Hazardous Reactions

no hazardous reactions known

4.Conditions to Avoid

Moist Air.

5. Incompatible Materials

Moist Air.

6. Hazardous Decomposition Products

In combustion emits toxic fumes.

11. Toxicology information

1. Information	
Acute Toxicity	No information available
Skin corrosion/irritation	No information available
Serious eye Damage/irritation	No information available
Respiratory or skin sensitisation	No information available
Germ Cell mutagenicity	No information available
Carcinogenicity	No information available
Reproductive toxicity	No information available
STOT-single exposure	No information available
STOT-repeated exposure	No information available
Aspiration hazard	No information available

2. Additional

To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. The toxicological properties have not been fully investigated

12. Ecological Information

1. Toxicity

No information available

2. Persistence and degradability

Biodegradable

3. Bio-Accumulative Potential

No information available

4. Mobility and Soil

No information available

5. Results of PBT & vPvB assessment

No information available

Safety Data Sheet

6. Other adverse effects

No information available

13. Disposal Considerations

1. Waste Treatment Methods

Disposal Operations Consult state, local or national regulations for proper disposal.

Disposal of Packaging Disposal must be made according to official regulations.

14. Transport Information

Air (ICAO)

Not classified as hazardous for transport

Road (ADR)

Not classified as hazardous for transport

Sea (IMDG)

Not classified as hazardous for transport

15. Safety, health, environmental and national regulations

1. Safety, health, environmental and national regulations:

product is not subject to any additional regulations or provisions

2. Safety Assessment

No Chemical Safety Assessment

16. Other Information

1. Other Information:

ADR: Accord Europeen sur le transport des merchandises Dangereuses par Route(European Agreement concerning the International Carriage of Dangerous Goods by road)

RID:Reglement International concernant le transport des merchandises dangereuses par chemin de fer (Regulations concerning the International transport of Dangerous Goods by Rail)

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

IATA-DGR: Dangerous Goods Regulations by the International Air Transport Association

ICAO:International Civil Aviation Organization

ICAO-TI: Technical Instructions by the ICAO

GHS: Globally Harmonized System of Classification and Labelling of Chemicals

CAS:Chemical Abstracts Service

3. Disclaimer

The product listed is for research and development purposes only and not for human or animal use. As such, in most cases, the toxicological, ecological and physicochemical properties have not been fully determined and the product should be treated with respect and always handled under suitable conditions by appropriately qualified personnel. The responsible party shall use this datasheet only in conjunction with other sources of information gathered by them, and should make an independent judgement of suitability, to ensure proper use and protect the health and safety of employees. This information is furnished without warranty and any use of the product not in conformance with this material safety data sheet, or in combination with any other product or process, is the responsibility of the user.
